

The Nine's Bar & Restaurant

“ The Nine’s cocktail bar is a destination in itself: an elegant, light-filled space offering expertly crafted cocktails, mocktails, and a curated wine and spirits list. ”

Tucked away within the walls of The Nine, Belgium’s first private members’ club dedicated to women, lies one of Brussels’ most distinctive dining destinations: The Nine’s Bar & Restaurant.

Once reserved exclusively for members, this hidden gem is now open to the public by reservation, inviting everyone to experience a refined, female-forward culinary journey in the heart of the EU Quarter.

With this new chapter, The Nine extends its signature sense of community beyond its members, creating a space that’s not just about dining or drinking, but about belonging.

Concept & atmosphere

Warm, sophisticated, and effortlessly elegant, The Nine combine the intimacy of a private club with the welcoming spirit of a local favourite. Guests can relax among interiors adorned with art by women artists, or enjoy al fresco dining in the lush private garden during the warmer months.

From a morning cappuccino to a productive business lunch, afternoon tea, or cocktails under the stars, every moment at The Nine flows with ease and conversation. The ambience mirrors The Nine’s ethos: authentic, uplifting, and inclusive.

The restaurant

The kitchen celebrates seasonal produce and creative, high-quality cuisine. Lunches feature a refined à la carte menu inspired by international flavours and local ingredients, while dinners invite discovery from elegant mains to beautifully crafted sharing plates that encourage connection and conversation.

Each dish reflects the feminine spirit that defines The Nine: bold, balanced, and inspired.

Try the two-course à la carte menu for €39, or the three-course à la carte menu for €46.

Every meal supports not only remarkable craftsmanship, but in the words of Chef Maria Akram, also “a more equitable future.”

Women supporting women

True to its mission of empowerment and equality, The Nine proudly partners with female-led suppliers and producers across Brussels and beyond.

From wines and champagnes to artisanal teas and olive oils, every partnership reflects the club’s dedication to sustainability, community, and women’s economic empowerment.

Cocktail bar

The Nine’s cocktail bar is a destination in itself: an elegant, light-filled space offering expertly crafted cocktails, mocktails, and a curated wine and spirits list.

The current menu, ‘Shaken, Stirred, Foretold’ - a feminist tarot card deck - highlights women in magic and mixology while delivering flavour and finesse in every sip.

With partners such as Diageo, Lillet, and Gilli, quality is guaranteed, and the team ensures every guest feels at home.

From wines and champagnes to artisanal teas and olive oils, Bar & Restaurant Manager Michela Punturo ensures each partnership reflects the club’s dedication to sustainability, community, and women’s economic empowerment.
